LOVING LIFE, OFFERING HOPE

LIFE, a registered national charity, was founded to provide pro-life care, educational and housing services and these activities are still at the heart of what we do.

For more than forty years, we have been helping thousands of women, men and children each year.

Our mission is to uphold the dignity of every human being from conception (fertilisation) onwards. We know it is not enough to oppose abortion and the production and destruction of human embryos, so we provide positive alternatives through our Care, Housing, Education and FertilityCare services.

LIFE Care

LIFE Care consists of a network of Care Centres across the UK, a national Helpline and a text-to-talk service, offering non-directive counselling and support for anyone facing a crisis pregnancy, suffering the loss of a baby or coping after abortion. We also provide free baby clothes, equipment and other practical support to women and families in difficulty.

LIFE Housing

LIFE Housing is one of the largest providers of supported accommodation and floating community support for pregnant women, mothers of young children, and young families in the UK. Our comprehensive service offers a real, practical alternative to abortion and prepares tenants for independent living with their children in the future.

“The LFC process placed our relationship at the heart of the treatment. A child can’t have a better start.”

LIFE Education

LIFE Education works in partnership with schools to provide young people with up-to-date, evidence-based information and inspires students to think for themselves on issues such as relationships, abortion, sexual health and other related topics. Our talks and conferences are designed to stimulate debate and encourage students to challenge current attitudes.
