

## Welcome from Link One Manager

I am delighted that you are interested in helping Life as a Volunteer. I hope you find our information pack informative and comprehensive.

It is an exciting time for Life Link One. As the first regional 'hub' for the national charity Life, covering Warwickshire, Northampton, Redditch, Stoke, Birmingham and the West Midlands region, we are working hard to create a local charity for local people that is innovative, working with partner agencies, and having strong volunteer opportunities.

We aim to reduce the number of abortions in the UK by providing practical support, housing and counselling services through Pregnancy Matters™ and campaigns, media and education by Life Matters®.

Further information about Life can be found on our website at [lifecharity.org.uk](http://lifecharity.org.uk), and you can see Link One's webpage at [lifecharity.org.uk/our-locations/link-one/](http://lifecharity.org.uk/our-locations/link-one/)

### Your role in Student Volunteering Week

As part of our expansion, we want to give students the opportunity to visit our offices in Leamington Spa during Student Volunteering Week and brainstorm with the Link One team and other student volunteers.

#### What will I do?

We'll open the day by getting to know each other, showing you around the office, and then – with your input – setting goals for your time at the Link One office.

The specifics will be set on the first day but we want to task you on fun, innovative and creative work to match your talents and where you'd like to gain experience. This might include:

- Strategic planning and brainstorming
- User testing our website
- Designing social media campaigns and helping run Life's 'Little Acts of Kindness' social media project
- Helping to prepare Baby Loss Memorial packs
- Assisting Life to bring the prolife message to even more schools and pupils than ever before
